

Test for Coronavirus

	Coronavirus or Covid-19 is a new virus that can make you sick.
	If you are sick, it's important to have the test for Coronavirus.
	The nurse or doctor will insert a swab into your nose or into your throat.
	This might feel a little sore but will be okay.
	Until you get a result, you will have to stay in a room on your own.
	This is okay as _____ will take care of you. _____ might wear an apron, gloves and a mask.
	When the result comes, _____ will tell you and help you with what to do next.
	You will be safe.
